

8K Miles announces the appointment of Strategic Advisory Board members

Chennai, India, October 9, 2015 -- 8K MILES SOFTWARE SERVICES -- a leading provider of secure cloud solutions, today announced the appointment of Strategic Advisory Board members.

8K Miles Software Services (“8K Miles”, “Company”) is pleased to announce its new team of strategic advisors that also broadens Company’s access to previously untapped business opportunities. Advisory Board aim is to accelerate the 8K Miles global insights on cloud, SaaS, mobility, infrastructure scalability, big data, analytics, security, compliance, and identity management areas, as the company continues growing both: organically and through M&A’s. 8K Miles has been helping to educate the market by bringing innovative solutions for public cloud by joining forces with leading providers in the cloud space, such as: AWS, MS Azure and IBM.

“We are excited to welcome all our new advisors to 8K Miles Advisory Board at the time when our Healthcare and Life Sciences business is capitalizing on strong growth opportunities in the cloud market.” - said Mr. Suresh Venkatachari, Chairman and Managing Director, 8K Miles Software Services.

The new Advisory Board members include:

- **Jay Vijayan: CIO of Tesla, Former Senior Director, VM Ware**

Jay is running all Information Systems for Tesla, directly reporting to the Chairman and CEO, Elon Musk. Jay and his organization are responsible for all of Tesla's Information Systems including applications, infrastructure, network, operations and security. Jay and his team laid the foundation for Tesla’s infrastructure ground-up during the company’s very critical growth. Jay built several best-in-class systems including Tesla's e-Commerce, ERP, Service and Logistics systems that are simple, agile, flexible and custom fit to Tesla's needs. Before joining Tesla, Jay was the Sr. Director, IT Business Applications for VMware during a period of the company growth, as it grew from US\$700 million to close to US\$4 billion in annual revenue.

- **Reza Nazleman: Former Head of Global IT Transformation, Microsoft; Former CIO of Microsoft Europe and Middle East/Skype; Partner KPMG Consulting Europe**

Reza is a global IT executive with 20+ years of proven leadership in professional services as well as operational end-to-end accountability with EUnet, France Telecom, McKinsey & Company, KPMG, BearingPoint, Bank of Scotland, and Microsoft. Reza has been a driving force behind major business process transformations that have delivered cost reductions, efficiency gains, agility and competitive advantage to leading global corporations.

- **Jason Rouault: Head of OpenStack Cloud, Time Warner Cable; Former CTO of HP Identity Management and Director of Engineering, HP Open Cloud**

Jason is the Senior Director of Engineering at Time Warner Cable where he is responsible for the ongoing development, operation, and support of the TWC OpenStack Cloud. Prior to Time Warner Cable, Jason worked as CTO of the Hewlett-Packard’s Identity Management business. Jason has over 20 years of technology management and team building experience, including a detailed working knowledge of Information Technologies, Software Development, Cloud Services, Internet & eBusiness industry.

- **Jeff Nigriny: Founder & President of Certipath, Former CISO of Exostar**

Jeff Nigriny is the Founder and President of CertiPath, a trust framework provider that certifies authentication and access control devices with a focus on high assurance for aerospace and defense industries and government agencies. Certipath's customers include The Boeing Company, Lockheed Martin, Northrop Grumman, Raytheon, EADS/Airbus and BAE Systems. Jeff wrote the Government's 1st Identity Law for Common Wealth of Virginia, US.

- **Dinesh Yadav, IBM Business Unit Executive, Security solution sales**

Dinesh is responsible for sales, channel and go-to-market for IBM's security solutions with a 17 year track record of success in the information security and software business across North America, Asia Pacific and South America regions. Dinesh developed organizations and go-to-market models for the embryonic start-up stage as well as the large enterprise software providers.

- **Charles Soto, Associate Partner SteelPointe Partners, LLP, Vice President of IT, Motorola**

Charles is currently an associate partner with Steelpointe Partners where he provides and leads global management consulting solutions and services across multiple industries and business functions. Currently, he has been engaged with **Microsoft** as an Advisor for the Quality Business Excellence group, a collaborative business partner with extensive experience running multimillion dollar portfolios with Fortune 100 companies. During his years serving as VP of IT at Motorola, Charles was accountable for overseeing Motorola Solutions (Enterprise Mobility, Government, Home and Network Mobility), innovative products and services and generating annual revenues of \$20B. He managed architecture, applications development, cloud computing and global business transformation/solution delivery.

“Having highly credible, accomplished advisors in the areas of cloud, digital transformation, mobile and security will strengthen the 8K Miles innovative offerings.” - said Mr. Lena Kannappan, Chief Operating Officer, 8K Miles Software Services.
